

MISSION POSSIBLE.

Accident-free since company inception in 1980, CHI Aviation is proud to be a veteran-owned small business (VOSB) providing safe, efficient, reliable fixed and rotary-wing airlift services to clients around the world. With aircraft dedicated to construction services, DoD Passengers and cargo transport, and aerial firefighting services year-round, we are flexible, detail oriented, and experienced in the most demanding and complex project situations. Our dedicated team of professionals ensures that our clients receive outstanding performance, exceptional communication and consistent attention to detail. Throughout North America and the rest of the world, our customers trust our fleet to get the job done right, every time.

BEYOND CAPABLE

CHI Aviation offers a wide range of vertical lift solutions, and our steadfast goal is to make every single mission a successful one. Our missions include providing internal and external cargo and passenger support in with S-61Ns in Afghanistan for USTRANSCOM, passenger and cargo transport with CASA 212-200s for SOCAFRICA in Kenya, Search and Rescue (SAR) operations for BP in the Gulf of Mexico and Shell Oil in Alaska, and Passenger services for Shell Oil in Brunei.

OUR FLEET

With lifting capabilities up to 26,000 lbs we're able to develop customized plans that will meet and exceed your project requirements and expectations, in a safe and cost effective manner.
